

The Peyton Walker Foundation was created in 2013, after the untimely and tragic passing of a vibrant and ambitious nineteen-year-old college student, daughter, sister and friend, whose future was stolen by Sudden Cardiac Arrest.

Peyton was a true adventure-seeker and absolutely loved and embraced the outdoors. She enjoyed snowboarding, rock climbing, hiking, 4-wheeling in her Jeep Wrangler, and anything that involved adventure. She lived life in a manner that most would envy – full of energy and passion, never missing an opportunity to share a laugh or give a hug to someone who needed it.

Ski Roundtop embodied all the things that Peyton loved, and because of that, she worked there throughout high school and college. She held every position possible on the mountain from taking tickets to rescuing people on ziplines. She loved her time at Ski Roundtop / Roundtop Mountain Resort.

To celebrate Peyton's love of adventure, we are hosting our first ever, **"The Beat Goes On Adventure Race"** on April 30th, 2022 at Roundtop Mountain Resort. The 5K race will feature 12 obstacles, steep hills and a course that will challenge every level of fitness. We will also offer a Fun Run - a 2K race with 5 friendly obstacles for all skill levels and ages.

Proceeds from this event will support the lifesaving work of The Peyton Walker Foundation. Our mission is to increase awareness and survival rates of Sudden Cardiac Arrest. Our award-winning and nationally-recognized programs and services include:

- Free heart screenings for kids in partnership with UPMC, CHOP, U Penn / Lancaster General Health and Geisinger Health Systems;
- Donating over 200 Automated External Defibrillators (AEDs) throughout Central PA;
- Advocating and successfully passing, "Peyton's Law," which went into effect in July 2020 – impacting all students who participate in PIAA sports;
- Providing CPR and AED certification classes and community demonstrations;
- Partnering with the Cardiac Safety Research Consortium to provide heart screening data for research in the hopes of positively impacting the future of youth cardiac healthcare.

We are incredibly excited to be able to tell Peyton's story through this race and educate the public about Sudden Cardiac Arrest. Please join us so that "The Beat Will Go On" for our youth.

Checking hearts — protecting hearts — saving lives

The Beat Goes On

ADVENTURE RACE

Roundtop Mountain Resort / Saturday, April 30th, 2022
